

Report on Office Misconduct / Corruption

To: Federal Ethics and Anti-Corruption Commission (FEACC)
From: Lelise Temesgen
Subject: Unauthorized Issuance of Professional License

Dear Sir/Madam,

I would like to report a serious issue involving the Oromia Construction Authority, West Wollega, Gimbi branch.

In 2016, a professional construction license was issued under my name without my knowledge or permission. I never applied for nor authorized anyone to obtain this license on my behalf.

Because of this unauthorized license, I am now unable to obtain my own valid professional license, which has severely affected my life and career opportunities. I do not know what activities have been conducted under this false license, but it has prevented me from getting employment in my field.

I kindly request your office to investigate this matter thoroughly and take appropriate action against those responsible. I also ask for your support in clearing my name and allowing me to legally obtain my professional license.

Thank you for your attention and understanding.

Sincerely,

Lelise Temesgen

East Wolega
